Town of Discovery Bay
Community Services District Board

Dear Board,

As residents of Discovery Bay, we support a NEW POOL in Discovery Bay. We applaud the community and the Community Services Board for acquiring the land that housing the Community Center and current pool. The current pool, however, is much too small and out-of-date to support the community's interest in aquatics.

Swimming is the most popular recreational activity in the U.S. for kids ages 7 – 17. In Discovery Bay, it is increasingly evident that there is enormous community interest in swimming as well. In its first year – 2014 – the Discovery Bay River Otters swim team enrolled 80 swimmers in a summer recreational swim program held at the Discovery Bay Community Center pool. This past year – 2016 – the River Otters had to turn away swimmers once the team reached 110 swimmers, due to limited pool space.

Discovery Bay is a water town. For the safety of our children and increased recreational opportunities for our families and residents, we ask the Discovery Bay Community Services District Board, to acknowledge the community's interest in building a new pool, and form a taskforce to explore options towards this end.

Sincerely,

Rick Pierce
