**Subject: Homeowner Agenda Requests**

**Dear Board of Directors,**

**This serves as my third request to have two items placed on the board's agenda for homeowner discussion.**

**1. Eliminate the \$8.01 water meter installation monthly fee.**

**Why?**

**Because the board knew it had available funds, the board knew other California communities were not charged for water meter installations, and the board currently has available funds.**

**2. Dissolve the discovery bay public financing authority.**

**Why?**

**Because the board knew then, and knows today, that it is homeowner taxation without representation each time the board issues revenue bonds.**

**It is clear (to me) that I have about as much chance of getting these two items placed on the board's agenda for homeowner discussion, as I do of getting pregnant.**

**Homeowners should be able to place discussion items on board agendas without board president or board approval.**

**If it takes running for the board and waiting for my turn to serve as board president, the above items will be added to the board's agenda, including homeowners being able to add agenda items for homeowner discussion without board approval.**

**Board members serve at the pleasure of the homeowners who elected them to office.**

**Sincerely yours,**  
**Frank J. Visintin**
